NUMBER 31

RAIN HALTS H. S. START

Whitehall Is Crushed Under Snow's Weight

H. S. Classes May Open Wednesday, Says Principal

Resumption of classes at El Dorado County high school, scheduled for Monday morning following a week of enforced vacation owing to bad weather, has been postponed until Wednesday morning, it was announced this afternoon by Principal B. E. Larson.

The date was set back two days in view of continued rains which make travel well nigh impossible for buses on the rural roads, and in view of continued illnesses throughout the county.

The rains continued over the county, apparently as far east as the 5,000-foot level, at least, and forecasts for over the week-end gave little hope of any abatement of the storm.

Official precipitation records to Friday at 2 o'clock gave a seasonal rainfall of 21.74 in Placerville and an additional official reading to 8 o'clock Saturday morning adds 1.60 to that total. Official readings are not available for the rain fall beyond that hour.

However, George Green, who keeps a rain gauge at his home on Cedar Ravine, reported about 1:30 o'clock Saturday afternoon that since 6 o'clock Friday night, 2.19 inches of rain had been recorded.

This, added to the 21.74 inches officially recorded, indicates a seasonal total to 1:30 Saturday afternoon amounting to 23.93 inches, plus the rain which fell between 2 o'clock and 6 o'clock on Friday.

Rural roads, a survey conducted by the high school principal showed, are such as to make school bus travel exceedingly difficult if not hazardous. This, coupled with the illnesses in the county, encouraged high school officials to believe that all purposes would be best served by deferring school opening until Wednesday.

Ten grammar schools of the county plan to resume Monday morning as far as Superintendent E. J. Fitzgerald had been advised Saturday morning. These are Cedar Grove, Camino, Smith Flat, Diamond, Garden Valley, Oak Hill, Bridgeport, Union, Summit and Georgetown.

Reports brought to Placerville Friday evening from the upper country stated that Whitehall resort has collapsed under weight of the snow and rain.

Also, it was said, there has been a slide of some proportions coming from the ridge on the left of the highway a short distance above Strawberry. Three cabins are said to have been caught by the slide.

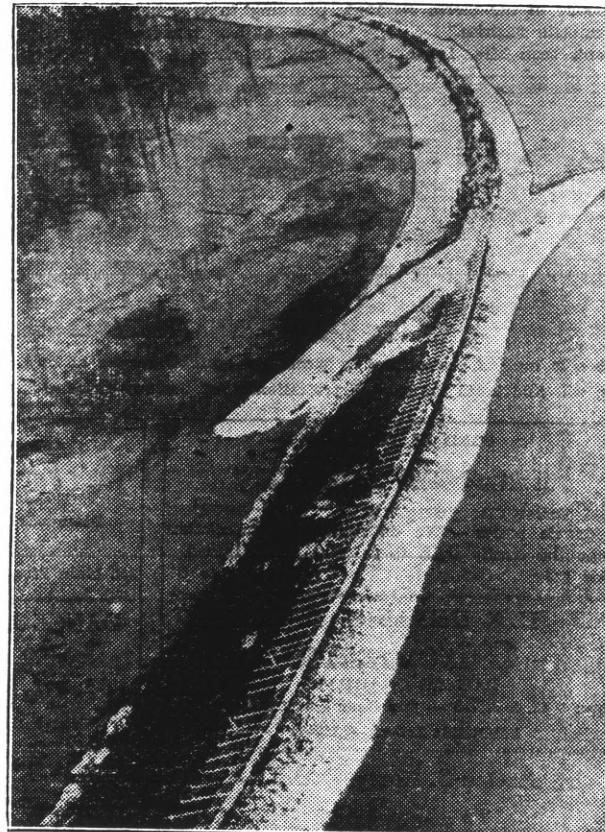

SUPREME COURT TO TESTIFY IN SENATE DEBATE

WASHINGTON (UPI) — Congressional sources indicated today that views of members of the Supreme Court would be sought as one of the first moves in the impending battle over President Roosevelt's judiciary reform program.

With a rebellious bloc of Democratic and Republican senators preparing for epochal controversy, members of the judiciary committees revealed extensive testimony was expected at hearings before the administration bill creating the power to boost membership of the high tribunal to 15 reaches the floor for debate.

Supreme Court justices appeared before a congressional committee last year to oppose the Black Bill, designed to speed high court action on tests of legislative measures. The measure failed of enactment.

Birth of a son on February 5 to Mr. and Mrs. George F. Coval of Shingle Springs was of record Saturday at the courthouse. The young man's name is George Francis Coval.

BULWARK AGAINST FLOOD—An air view of the main levee protecting New Madrid, Mo., a Mississippi waterfront town, where thousands are at work reinforcing the wall with sandbags. Although the threat of rain hung over the Ohio and Tennessee valleys, Army engineers were confident these ramparts would hold the flood back.

"PLAY BALL" ON APRIL 11

Loomis Club Replaces Colts, P. F. E. For Roseville

With a respectful bow to J. Pluvius, who at this writing has been holding the "water bucket" wingside up for almost a week, the Placer-Nevada baseball league will open its 1937 "ske-dooey" on Sunday, April 11th.

There will be eight clubs in the circuit. Grass Valley out and Loomis in, and the former P. F. E. team playing for Roseville in place of the Red Men.

Loomis, Roseville, Wheatland, Lincoln, Folsom, Auburn, Colfax and the Bartlets will make up the loop.

The "split-season" has been abolished and the league will play for fourteen weeks. "Winer take all."

This is according to a report from League Secretary A. G. "Scoop" Thurman of Colfax, at which place the league moguls assembled last Monday night to start the ball rolling.

An anthropologist concludes that the active human brain continues to grow after physical growth halts. He reached this conclusion after taking the measurements of the skulls of a number of middle-aged persons over a period of years, but it may have been due to a prolonged swell-head.

An Indian potentate recently delayed the Venice-Trieste express for half an hour because he refused to sit on the hide of "an impure animal"—pikskin. The train crew finally tore up the cushions and substituted tapestries.

If you break your neck or your thigh (femur, doctor) you can be out of bed within a week instead of staying there for two or three months, as the result of the development of a "nail" approximately five inches long, which is now used to mend the fracture. Dr. Charles L. Scudder of Boston, told the American College of Surgeons about it the other day.

Mrs. Pearl Buck, novelist, told members of the National Board of Review of Motion Pictures the other day that not more than five per cent of the normal motion picture audience is intelligent enough to recognize and enjoy a worthwhile film. We don't know where she got the tape measure.

Lodi Officer Is Murdered

Constable Irey Shot While About To Quiz Suspect

LODI (UPI)—Vince Giannini, 43, was held in the hospital here under heavy guard today and if he lives will face trial for the slaying of Constable J. W. Irey, father of eight children, who was shot and wounded fatally in a vineyard near here.

Irey was shot, officers said, when he went to question Giannini concerning complaints by a number of women that Giannini had threatened them when they refused to give him food.

Irey, unarmed at the time, was shot twice in the chest and Giannini was captured by a posse an hour later. He was wounded seriously when he assertedly attempted to flee and on leg was said to have been nearly shot off.

Constable Irey was a brother of a contractor who was killed several years ago when he drove off the grade on a tractor during highway building work a short distance east of Pacific House.

Constable Irey was a personal friend of local peace officers and was here only a short time ago on official business.

Old Offenders Get Police Court Term

Police Judge Eugene Creed on Saturday morning sentenced Albert J. Meyer to 60 days in jail, and Tom Hudson to 10 days in jail when they came before him on charges of being drunk and disorderly.

Creed reports this was Meyer's fifth appearance in court on this charge and that it was Hudson's second appearance.

The court recently fined George Clements \$10 on a charge of being drunk and disorderly and gave a five-day jail sentence to Mike Dudley, similarly charged.

Mrs. Wilma Larson is spending the week with relatives in the Bay district.

V. Avansino returned Saturday from Los Angeles, where he had been called by the illness of his brother whom, he reports, is not so well.

2 Escape Tahoe Storm; 1 Missing

8 Killed, 15 Hurt In Blast Laid To Flood

Louisville Hit Again By Tragedy; River Falls Slowly

LOUISVILLE (UPI)—Two huge steamshovels gnawed at a tangled mass of steel and brick today to uncover the bodies of eight persons believed to have died in a gas explosion caused by the flood.

Police said they were certain at least eight persons, possibly nine, died in the blast and fire which shook Louisville as it struggled to clear its streets of wreckage left by the flood which had already cost 243 lives.

Fifteen persons were hurt, none critically.

RIVER FALLS

MEMPHIS, (UPI)—The Mississippi River fell slowly from Cairo, Ill., to below New Madrid, Mo., today but U. S. army engineers prepared for a month-long siege of high water along the levees.

The upper Mississippi, above Cairo, was rising due to recent rains but Memphis weather bureau officials said the rise was comparatively small and would not affect the Cairo stage.

The Cairo gauge read 59.4 at 6:30 a.m. today, a fall of .1 feet during the past 24 hours.

Cairo seemed safe behind its 63 foot sea wall. The Ohio began a rapid drop near Paducah. When the drop reaches Cairo, lower Mississippi waters will fall rapidly, forecasters said.

The Mississippi crest moved near Caruthersville, Mo., it is expected to reach Memphis tomorrow or Monday.

"JUGGLING" OF STATE HIGHWAY BUDGET SOUGHT

SACRAMENTO (UPI)—Indications the State Highway Commission may review tentative budget estimates now before the legislature to meet a Los Angeles emergency situation emerged today from the commission's monthly meeting.

Chairman Harry Hopkins, Earl Lee Kelly, state director of public work, and other officials of the commission agreed to meet later with Los Angeles officials to discuss the matter further.

The problem, one of half a dozen road requests discussed at the session, was laid before the commission by Ivan Kelso, chief counsel for the Automobile Club of Southern California. Declaring that 50 per cent of California's traffic accidents occur in Los Angeles County, and 81 per cent of these in the metropolitan Los Angeles area, Kelso contended emergency situations had been virtually overlooked while less important projects had received generous allocations.

Aged Resident Of Shingle Summoned

Narcisse Marcelais, 87, of Shingle Springs, passed away on Friday evening.

Mr. Marcelais was born in Canada and came to California 43 years ago. The body is in the care of the Dilinger mortuary.

A notice of their intention to wed was filed with the county clerk on Saturday by Sidney T. Elam of Ione, and Bula Ferguson Pierce of Shingle Springs.

FIRE LADDIES DANCE TONIGHT

Rain Claimed "Fixed" By Department To Balk Alarms

Tonight is the night of the 84th anniversary dance of the Placerville Volunteer Fire Department. It will be held at the I.O.O.F. hall and Red's Rhythm Rascals will provide the music.

William Henningsen, chairman of arrangements, reports that he has done his work and there should be nothing to keep everyone from having a good time.

Henningsen also took occasion to deny the report that the current rains have been "arranged" by the department as a feature to prevent the possibility of them being called away from tonight's dance to fight a fire.

Source of this report could not be immediately learned but Henningsen confessed it was a good idea and possibly worthy of consideration for future dances.

At any rate, firemen hope the rain will eliminate any danger of fire all of the time, and especially for tonight. Proceeds of the dance go to the department fund for the repair and replacement of clothing damaged in line of duty, and for department social activities.

Bernie Joins "Fight Club"

Old Maestro Lands On Wise-Cracking Merrymaker

LOS ANGELES (UPI)—Ben Bernie, the "Old Maestro" to his dance band, stepped out of character today to land a one-punch knockout blow to a man in naval uniform on the dance floor of an exclusive hotel.

The "hush-hush" always surrounding such brief fistic encounters in Hollywood and Los Angeles descended as usual.

Bernie was conducting his band when the officer, identified only as "B. Walker," began to rib the baldish conductor. Bernie said he pushed the man away the first time but in the next dance, the merrymaker returned and continued his heckling to the point of calling names.

Spectators said that Bernie unloosed a left hand hook that sent the man in uniform sprawling, out cold. Attendees carried him out and revived him in about 20 minutes, it was reported.

After the excitement cooled down, it was said that the officer apologized to Bernie and said he was a Lieutenant Commander in the navy, on leave.

Wife Hauled 8 Hours Over Snow To Doctor

Mrs. Bernice Shedd, 19, of Twin Bridges, was in Placerville Saturday and feeling better after an 8-hour journey on a sled enroute to a doctor.

She was at Twin Bridges with her husband, George, when increasing pains alarmed the two and they started with her father, George Drake, for Placerville.

Mrs. Shedd rode on a sled from Twin Bridges, from which they departed at 11 a. m. Friday, to Kyburz, where they arrived at 7 o'clock Friday night.

The doctor reported Mrs. Shedd felt better after consultation.

Father Feared Lost In Saving Wife And Babe

Travelers Snowbound 15 Days On Clear Creek Road

CARSON CITY (UPI)—Trapped by a Sierra blizzard with a half box of oatmeal and a jar of mustard as sole provisions, Mrs. Earl Lenear, 19, and her two-year-old daughter, Donna, were rescued on the Carson-Tahoe grade today from a snow-buried automobile which she said got stalled 15 days ago.

State highway skiers, who made the rescue, were unable to find a trace of the young woman's husband who, she said, left to seek aid when the machine became stranded. It was feared he perished. The family were enroute from Leadville, Colorado to visit an aunt, Mrs. C. E. Walston, in Alameda, California.

Mother and child appeared none the worse for their experience. The little girl clutched a soiled rubber doll.

"Where is my husband?" were Mrs. Lenear's first words to rescuers.

Carpenters skiing down the grade yesterday accidentally noticed the stranded car, which they believed was empty. They reported the matter to the highway patrol in Carson City.

Mrs. Lenear said she, her husband and the baby left Leadville January 18 and passed through Carson City the morning of January 21, hoping to get through to California when they got trapped by the blizzard.

"On the second day my husband left us," the 19-year-old Mrs. Lenear said. "We were warm and had plenty of covers."

Skiers from the state highway de-

CHILD CRUELTY CHARGE JAILS MARTINEZ MAN

MARTINEZ (UPI)—David Locke, 34, a bakery truck driver, faced charges of "unjustifiable punishment of a child" today following investigation into reports that he had kept his daughter, Myrtle Belle Locke, 9, chained to her bed, and had beaten her brutally with a strap.

The child was reported to have been found chained in bed with a padlocked dog collar around her ankle when Mrs. E. L. Meyers of Stockton, who went to visit the family, entered the house after her knock was unanswered.

The child's mother died several years ago and her step-mother works during the day.

It was said that Locke punished his daughter because she had taken a pair of scissors and cut up a sheet and a curtain.

Birthday Ball Net Proceeds Were \$32

Net proceeds of the fourth Birthday Ball for the President, given on Saturday night, January 30, at I.O.O.F. hall, as a part of a nation-wide celebration, amounted to \$32.

This is according to a report by Frank Ward, chairman. According to the plan of operation, 30 per cent for use in infantile paralysis and treatment, and 70 per cent was added to the local fund for the same purpose, held in trust by the Placerville Aerie of Eagles.

"Forgive Us Our Trespasses"

Our Daily Paper Reading

So many speak of reading daily papers as a waste of time. Isn't that largely a matter of the spirit in which the news in our daily papers is read? It surely would be reading of a decidedly worthwhile nature if from the details of an embezzlement one were impressed anew with the truth that the good things in life must come with honor, or not at all. If in reading of the death of a leading citizen who had ignored his physician's orders to work less strenuously and play more, one were effectively reminded of one's half-formed, and immediately forgotten resolution to make weekends periods of relaxation from all work. If in reading about the phenomenal rise of a coal miner to the presidency of one of our great railroads we gain new ambition to carry on. And if the jolly comic strip reminded us of the folly of taking ourselves too seriously.—Selected.

JUNIOR RED CROSS CHAPTER HAS SHARE IN FLOOD RELIEF

What's the good of being a Junior Red Cross chapter member if you can't help out when people need help?

The Junior Red Cross chapter of Placerville grammar school has answered that question by collecting a fund of \$5 which it has contributed to the Pacific headquarters of the Junior Red Cross.

The contribution drew an immediate response from Director R. E. Gillette, who wrote to Mrs. Alice Golden, teacher, and to the chapter.

The letter to the chapter says:

Dear Junior Red Cross Members:
We have received your letter of January 27 and your very generous contribution of \$5.00 to the Red Cross fund for the relief of those who are suffering because of the terrible floods in the middle states.

We are sure you must have worked very hard and made many sacrifices to collect such a magnificent sum and we can assure you sincerely that not only the Red Cross but the children in the flooded area appreciate what you have done.

You may be interested to know that the Red Cross has set up many hospitals and about 250 camps where families may live until the water goes down and until their homes are rebuilt. Naturally the children in these camps will need all sorts of care and kindnesses to help them overcome the suffering and shock of the disaster. As soon as the Red Cross people have the thousands of families under shelter, clothed and fed, they will try to organize recreation halls, reading rooms and perhaps even school rooms for the children in the camps.

This is where the Junior Red Cross gifts will be most helpful. As many of these boys and girls are themselves members of the Junior Red Cross they will feel that they are receiving gifts and assistance from their very own friends and that will make them very happy indeed.

We are sorry you have not had your Junior Red Cross pins but are glad you let us know. We are sending them to Mrs. Golden today and hope they will reach you safely and in time for your meeting Friday.

Lake County plans to have its own fair this year; the directors are busy with the premium lists.

TWO RESCUED IN TAHOE BLIZZARD

(Continued from Page 1)
partment under Frank Berger reached the stranded automobile at 3 a.m., carrying the woman and her baby daughter, Donna, 2, to trucks waiting on the cleared highway five miles down the Clear Creek grade.

"Where is my husband?" was Mrs. Lenear's first words. As Donna was on a toboggan, she started to cry, and her mother admonished: "Don't cry, darling. We're going to see daddy."

Brought to Carson City, they were given warm milk by Dr. Edward E. Hamer, who praised their "remarkably strong constitutions" and said both seemed in excellent shape, considering their long stay in the snow.

Mrs. Lenear refused to touch the food until Donna, who was still clutching a doll, had finished her milk.

The couple left Carson City to climb the grade, a unit of the Lincoln highway, apparently unaware of the towering Sierra Nevada mountains to the west.

"We thought there might be snow on the road," Mrs. Lenear explained, "but in Colorado they clear the roads daily. We thought that would be the case here."

An almost continuous series of blizzards, gales and rainstorms raged through the area in the last two weeks.

Berger, leader of the rescuers, said the party had no trouble in locating the car, first reported by four carpenters sliding down the grade yesterday from Lake Tahoe on crude skis made from rough pine planks with bacon rinds tied to the bottoms.

"The car looked exactly like a snowball," Berger said. "With our flashlights we could see the car, completely covered on both sides as if a snowslide had hit it."

They flashed their discovery to the remainder of the rescue party waiting below by means of yellow and red flares, a pre-arranged signal.

Four highway employees, recruited by Highway Engineer Robert A. Allen, left immediately on skis for the district to search for the husband, although it was believed the body would not be found until the road is cleared or until the spring thaws.

The four, Ed Parsons, Jack Johnson, Edgar Norton and Dorwin Browne,

started their search in a rainstorm. Other members of the rescue party who brought the woman and baby to Carson City were Melvin Fodrin, Bob Downer, Louis Nelson, George Brockway and John Lewis.

Mrs. Lenear and Donna will be cared for temporarily by the highway department at a private nursing home.

VISIT SURPRISE

ALAMEDA (P)—Mrs. C. E. Walston, of Alameda, said today that the proposed visit of her niece, Mrs. Earl Lenear, who was snowbound for 15 days in an automobile in the Sierra Nevadas, was a "complete surprise."

"I haven't seen Mrs. Lenear since

DALLAS, Tex. (P)—Cactus plants today replaced flowers around the Hall of Records after the county building superintendent complained that loafers destroyed the flowers by sitting on them.

Stanislaus, San Joaquin and Merced Counties harvested 3087 acres of spinach in 1936.

she was a child," Mrs. Walston said. Mrs. Walston said that although she was unaware that the Lenears were planning to visit her they were welcome at her home as soon as they could be moved from Carson City.

NEEDS TEETH

CINCINNATI, O. (P)—Salvation Army headquarters has received a request for a new set of false teeth from a Newport, Ky., woman. The old set, she said, was lost when she was being removed from a building during the flood.

Louis Domico, Turlock, Stanislaus County, recently bought a purebred Percheron stallion and eight mares from Charles Bernard.

E. J. Schmidt, Wasco, Kern County, is now manager of the Brandt Rancho at Rio Bravo.

Endeavorers Outline Year Of Active Work

Plans were made for a very progressive year in a Christian Endeavor business meeting held on last Wednesday night. Richard Walters presided and the various committee chairmen reported they had held committee meetings and had worked out a program for the next few months.

Grace Wider reported plans for a Valentine party being developed. Calvin Wright reported meetings and leaders were scheduled for the entire month of February. Donna Le Bourveau announced choir practice on Thursday evenings at 6:30 at the home of her parents. Any high school pupils is welcome to attend this practice any Thursday evening.—Marjorie Brimhall, publicity chairman.

Draperies

If you do not find goods of the color you wish for draperies to match your rug or other furnishings, try dyeing white muslin, cheesecloth or other material to make the desired color. Frequently the color you would choose is in a material which is too expensive. Choose some cheaper material and dye it to suit.

OUSTED BY FLOOD—William Greer removes his household goods from his flooded home near Luxora, Ark., when a weakened levee near there allowed the Mississippi to surge in. However, a shovel army of 100,000 men held the main dikes, and although a million people were homeless, hundreds of thousands more were saved by the immense levee system, 1,200 miles long, that the government built at a huge cost.

TRAGEDY CHILDREN—A group of refugees arrive with their bundles at Ocosa, Ark., after the Mississippi River crested the 1935 flooding the district and driving them from their homes. These refugees are leaving low-lying regions in this state for higher ground, to be cared for by the Red Cross and the Army in tents.

Home Plus Business

The woman who undertakes a double job is in for some perplexities, some strain, some careful management, some lack of recreation and leisure, some inspiring contacts with people, better upkeep of her personal appearance and talents and ability to earn money.

To succeed in carrying the double load of a home-and-business, the woman must have an employer who is in sympathy with her undertaking and counts her achievements as more important than her time record. Occasions will demand elasticity in her schedules, as when Baby has the measles or the housekeeper leaves.

She must also have a husband who is in sympathy with the arrangement and is willing to help with home responsibilities, as she helps in financial upkeep. Such interchange may beget delightful cooperation and association. The business hours give added zest to home hours and both come to regard home life as a joint adventure and luxury, after the day of business routine.

The woman in the case must carefully budget her time and effort, if she is to "have her cake and eat it, too;" and must be attended by good luck, as well as good judgment. She must select, with ultra wisdom, an efficient and noble-minded woman who will attend the house and the Baby while she is away. As the child grows older, a nursery school will help. If there are older children, they must learn to help one another (which is good for them).

If the worker can perform her business job in her home, so much the better.

Food Ideas

A pinch of salt enhances the flavor of sweet foods and conversely salty foods are made more delicious by the addition of a bit of sugar.

There is a new process for curing hams which makes them more tender than formerly. Fortunately for the small family, they may be now purchased in fractions. Cooked ham may be ground and used in sandwiches, salads, a la kings, stuffed baked potatoes or green peppers.

Republican Classified Ads Always Pay.

Thrifting Pudding

An inexpensive and digestible pudding is made by combining a half cup of fat and sugar with one egg. To this add one cup of grated raw carrots and one cup of seedless raisins. Sift together one and a quarter cup of flour, a half teaspoon each of salt, cinnamon and nutmeg, and a teaspoon of baking powder. Add this dry mixture to the former mixture. Dissolve a half teaspoon of soda in one tablespoon of water, combine all, pour into a greased mold and bake for one hour in a slow oven. Serve with your favorite sauce.

Beauty Diet

Red noses, spotty faces and yellow complexions are usually the result of "the second helping." The woman who would continue her sex appeal must not linger long at the table. We are too rich in food products. It puts a heavy strain on our will power. Obesity is a malady. Restraint is the first law of beauty.

Not only must we practice abstinence, but we must be careful what we eat. To avoid puffy faces and dull eyes, we must cut out chocolate creams, pastries, fats and sugars and eat more green vegetables and fresh fruits.

Crop Pest Service Irks Nevada Solons

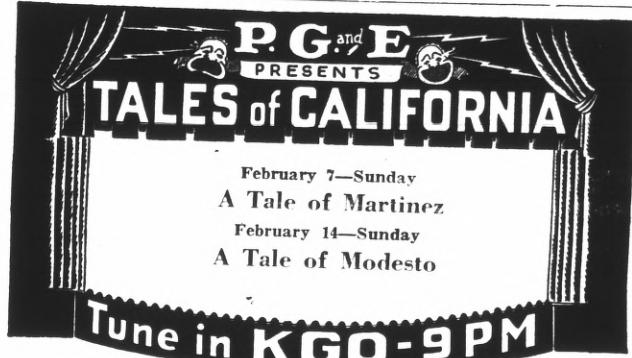

CARSON CITY (IP)—A joint resolution memorializing the California legislature to enact legislation preventing "unreasonable inspection of baggage, goods and personal effects of persons entering California from Nevada was introduced in the Nevada legislature late yesterday by Assemblyman Fred Phillips of Reno.

Oaks Open Training Season On March 1st

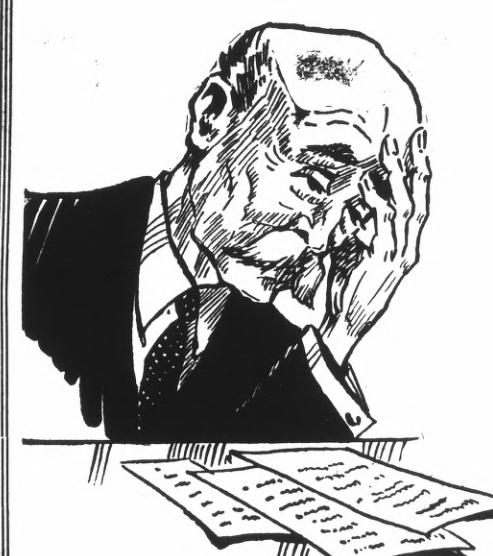

OAKLAND (IP)—The Oakland baseball club will go into training at Modesto on March 1, it was announced today, and starting March 7 will begin a series of 14 pre-season practice games.

INDEPENDENCE, Mo. (IP)—A pile of used horse collars now occupies the jail cell here in which Outlaw Jesse James spent some time a good many years ago. The rural rehabilitation agency uses the cell for a store house.

The annual meeting of the Marin County Farm Bureau will be held the third week in February.

DECLINE SEEN IN DEATHS BY TUBERCULOSIS

The decrease in the tuberculosis death rate practically came to a standstill last year, if the estimated death rate based on the number of deaths reported during the first eight months, proved to be correct, according to an announcement received from the California Tuberculosis Association today. The announcement states:

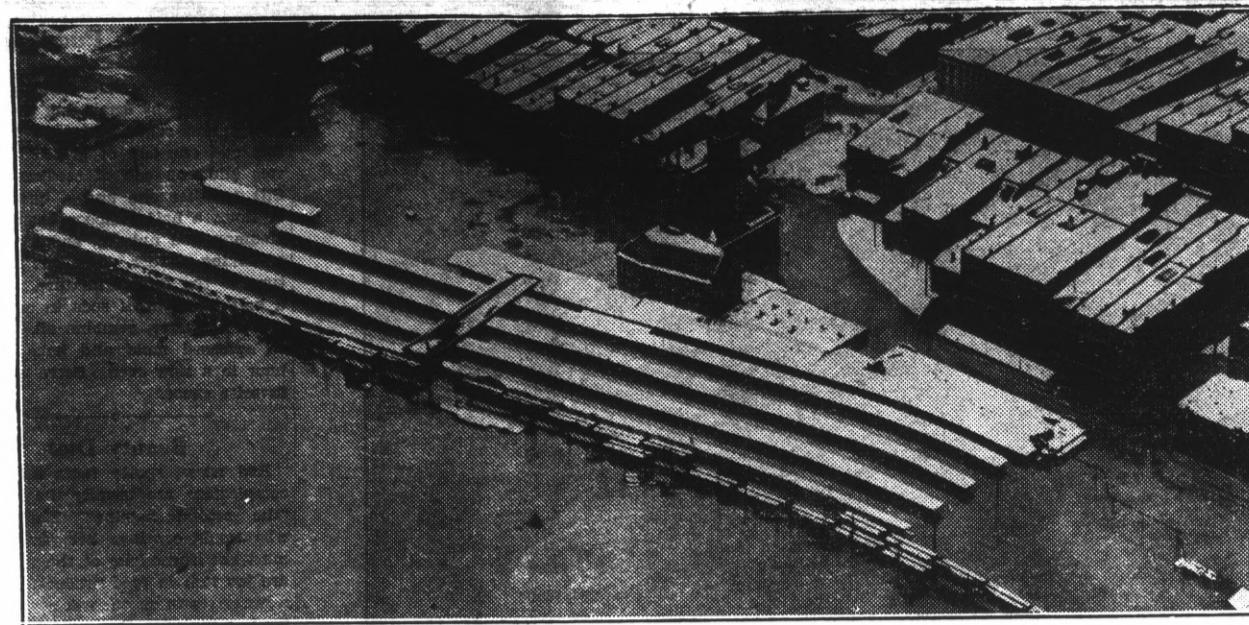

"The tuberculosis death rate, for 1936, for California, is estimated to be 71.5 per hundred thousand population. The estimate is based on the number of deaths reported through August of that year, compared to the reports for similar periods during the past six years.

"The 1935 death rate was 72. The rate decreased less than one per cent from 1935 to 1936, while during the last five years the average annual decrease has been nearly six per cent.

"It is hoped that this slowing up in the decline of the death rate represents a seasonal variation from the average rather than a lowering of the defensive public health programs for the control of the disease.

"The estimated death rate for 1936 is based upon an expectation of 4,560 deaths from tuberculosis during the year, which is an increase over the number reported during 1935. That year 4,516 deaths from tuberculosis occurred in this state.

"Fortunately the generous public response to the Christmas Seal sale will make possible the resumption of many tuberculosis control programs which were curtailed during the last few years. All but one county in this state has reported increased returns for the seal sale over 1935. It is hoped that of funds."

LOUISVILLE, KY.—The entire city was placed under martial law as United States troops helped combat pestilence, panic and starvation. Of the 330,000 population, 230,000 fled to the hills when the rampant Ohio River surged into the city on a record crest of nearly 80 feet. This air view shows a submerged freight yard and part of the business section, forming only a small part of the 35 square miles in the city which were under one to 30 feet of water. Total darkness added to the disaster as power plants were flooded.

CARD PARTY WEDNESDAY

N.D.G.W. homeless children benefit card party, I.O.O.F. hall, Wednesday evening, 8 p. m. February 10th. Come

contributions of late givers and deferred payments for Christmas Seals received during the next few months will materially increase funds available for tuberculosis prevention, since the seal sale returns are still below pre-depression levels. Many needed health programs are still held back through lack

Church News

CATHOLIC CHURCH

Mass will be celebrated in St. Patrick's church Sunday morning at 9 o'clock. Next Wednesday will be Ash Wednesday, beginning the season of Lent. Mass Ash Wednesday morning at 8 o'clock. Evening devotions at 7:30.

FEDERATED CHURCH H. G. Morehouse

Sunday school at 9:45 a. m. Morning Worship at 11 o'clock, observing Boy Scout Sunday. Theme: "Jesus, A Boy Scout." Texts: "Wist ye not that I must be about the things of my father?" "And Jesus advanced in wisdom and in stature, and in favor with God and man."

Junior Society at 5 o'clock. The meeting will be held at the manse. High school society at 6:30 o'clock. Young People's society at 6:30 o'clock.

Evening worship at 7 o'clock. Christian Endeavor Day service, a program conducted by the young people.

Georgetown—Church service at 2 o'clock.

EPISCOPAL CHURCH

9:30 a. m.—Church school and catechism.

10:30 a. m.—Celebration and Sermon. "The laying on of hands" by the Apostles was the usual practice in the early church. It was called Confirmation because the rite was intended to strengthen or confirm with spiritual graces such as were baptized. In a practical way, Confirmation is an enlistment for active Christian service.

LUTHERAN CHURCH

The National Lutheran Radio Hour with Dr. Walter Maier, famous radio preacher, is now heard on the Pacific Coast through the Mutual Broadcasting System. It may be received from KFRC, San Francisco, KGDM, Stockton, or KHJ, Los Angeles, every Sunday at 1:30 p. m.

The musical part of the Lutheran Hour program is furnished by a select group of thirty voices from the Students' Chorus of the Lutheran Concordia Seminary, St. Louis, the point of origin of the Lutheran Hour. The St. Louis A. Capella Choir, a mixed choir of 50 voices also participates in the choral work of the broadcasts.

Last Sunday Dr. Maier emphasized the blessings in disguise resulting from the inundations in the Middle West. He also made an appeal for the flood-sufferers in behalf of the President of the Lutheran Missouri in cooperation with the International Walther League.

In this area the Lutheran Hour is sponsored by the Trinity Lutheran Church of Sacramento which church holds services in Placerville the third Sunday of each month.

James Barry, Cottonwood, Shasta County, recently received 42 cars of range cattle from Oregon pastures for winter feeding.

San Joaquin County's tomato crop was freer of disease in 1936 than for several years.

Morris Cowan, Sultana, has bought the 20-acre Sloane Ranch near Orosi, Tulare County.

F. J. White, Porterville, has bought 60 acres near Dinuba, Tulare County, and will plant cotton.

\$50,000 ASKED FOR FIGHT ON FOREST PESTS

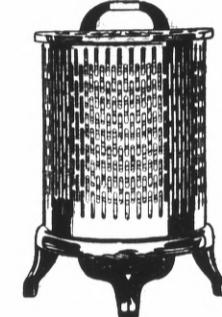

Declaring that damage to California's pine forests by bark beetles is greater than losses from logging and fires combined, Congressman Clarence F. Lea of Santa Rosa has asked for a \$50,000 research fund in House Joint Resolution No. 168.

The appropriation measure sponsored by the California State Chamber of Commerce is supported in the Senate by Senators Hiram W. Johnson and William G. McAdoo, and has the backing of the majority of California's Congressmen, as well as representatives from other western states.

The Lea resolution is based upon studies of the state chamber's conservation committee in co-operation with lumber interests, the federal forest service, and the bureau of entomology. It points out that two recent insect epidemics destroyed billions of feet of saw timber and threatened the industries of the state. The resolution also states that recreational areas, both in Southern California and Northern California, have been damaged and are threatened with ruin.

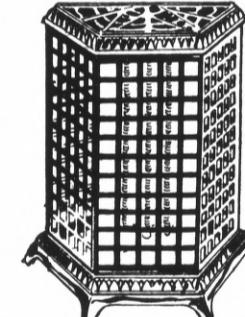

The fund of \$50,000 asked for would be used for research and experimental work by scientists in the bureau of entomology in an effort to discover a practical and effective means of controlling the pine bark beetle. Present methods of felling infested trees and burning the bark have proved both too costly and ineffective.

HANDY

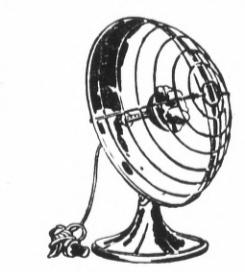

You'll like everything about the Wesix electric heater. You'll like its looks. You'll like its light weight. You'll like its double-action heating. And five years and more from now it will still be giving you dependable heating satisfaction. Only . . . \$7.95
With 5-year guarantee

LOW COST

Glowing coils reflect heat from polished aluminum reflectors in this new model Thermador electric heater. A sturdy, dependable, portable type heater with a heating coil that is guaranteed for 5 years. The price is . . . \$7.95

ELECTRIC HEAT

Do you prefer a straight reflector type of electric heater? Here is a good one. Sturdily built, beautifully finished and the heating coil carries a 3-year guarantee. With the smart finished reflector bowl the price is only \$6.50

IS NEEDED IN EVERY HOME

Absolutely necessary for winter comfort—inexpensive—a joy to own and use—are just a few things users say about these handy portable electric heaters. In every home there are cold room corners, nooks and the ever chilly bathroom where only cheerful, quick economical electric heat can provide healthful comforting warmth. The new electric heaters last for years and cost very little to use. Right now—Special Winter Terms on Electric Heaters are NOTHING DOWN and a DOLLAR A MONTH, upon approved credit. Buy your electric heater today because your home needs one.
